Pittsburgh, PA

*An armed intruder finds his way in. Now what?*

*It can happen. It has happened.*

*Over, and over again.*

## Active Shooter/Armed Intruder on Campus

This critical new program from Sorensen, Wilder & Associates will aid your team in:

**Achieve a State of Preparedness** Is your institution ready for this new threat? Does your Emergency Operations Plan cover all it needs to cover? Are your employees trained in realistic scenarios? Do your employees know how protect themselves and their students?

**Define terminology and concepts** specific to armed intruder on your campus - specifically, a focused and limited active shooter event, or a broad, campus-wide continuous event. Understand the types of events, and how one type of incident can morph into another.

**Review case studies from a variety of disciplines** and discuss the unforeseen challenges that the event can generate, thereby adversely affecting the safety of students, faculty, and staff, as well as the performance of staff and operational state of the campus.

**Learn how your staff can protect themselves** during an active shooter event on your campus by utilizing 'The 4 Outs' of the Active Shooter Safety Action Plan.

**Understand the increased stress and anxieties** that go hand-in-hand with an active shooter event and how to control the anxieties and stress thorough preparation and training.

**Understand the critical decision making process** and the psychology behind it. Refine decision-making skills in order to increase the likelihood of survival of faculty, staff and students during an active shooter event.

**Learning the S.T.A.F. Protocol** to assist in making the critical decision between personal safety and the safety of your students.

**Remain safe and alive during an active shooter event!**
